

VACANCY

NEW EMPLOYEE WANTED!

WORKSHOP SUPERINTENDENT

Are you enthusiastic and thinking along? Is it challenging for you to lead different works in to the right direction?

Then this is the vacancy for you!

DCN Diving is a growing company and constantly changing. That is why we are looking for reinforcement.

As Workshop Superintendent you are responsible for keeping the equipment up-to-date and running. This will be done in a planned and cost-efficient manner.

Furthermore you are responsible for project-based adaption and/or building of project-specific material. Another responsibility is the commitment and quality of available internal and external personnel to perform the work. You also give advice about the deployment and purchase of equipment.

We ask:

- Bachelor level of work and thinking;
- An education in the direction of Mechanical Engineering and/or Shipbuilding;
- Extensive experience in the maritime sector, preferably in the diving sector;

- Knowledge and experience with Planned Maintenance Systems (PMS);
- Knowledge of IMCA regulations is an advantage;
- Good knowledge of the English language (and preferably Dutch);
- Managerial experience;
- Experience as Senior Dive Technician is an advantage;
- Stress resistance;
- Good communicative skills.

What we offer:

- A competitive salary;
- Room for development;
- An informal working atmosphere;
- A challenging function in a growing international company.

DCN Diving is an international organisation. Our staff is sent all over the world for various underwater activities. Outside Bergen op Zoom, we also have offices in Belgium, Germany, Singapore and Abu Dhabi. DCN Diving is a cozy and energetic family business and it is important that everyone can be themselves. Showing initiative and wanting to continuously improve yourself is therefore highly appreciated.

Are you curious or do you want to apply? Send your resume and motivation letter to info@dcnbv.nl.

Do you have questions or want more information? Then contact Carlo Vriens or check out our website.
