

DCN Diving Company Reference List

Following are some selected projects but the list is not limited to (visit www.dcndiving.com/projects-map for more info):

YEAR	PROJECT	LOCATION	STRUCTURE	DISCIPLINE	DESCRIPTION	CLIENT
2019 & 2020	Micro Habitat Development and Ninian South Platform Repair	NL and UK	Platform	Offshore SAT diving, Hyperbaric testing	Development of a patented Micro Habitat System including FAT and proven technology. Diver Welder and Welding Procedure qualifications in DCN's hyperbaric and wet test centre. Offshore campaign with the use of Sat Diving where 4 brace repair welds on Ninian South Platform were completed including NDT at a depth ranging from 43msw and 76msw.	CNRI 
2019-2020	Hail and Ghasha Artificial Islands Construction Project	UAE	Jetty and Breakwater	Offshore Air Diving	The project consists of construction of eleven (11) artificial islands in Hail and Gasha fields, Butinah Jetty, Butinah Centre Building and navigation channels that provide safe access to the these islands.	NMDC 
2019-2020	Munich Airport	Germany	Tunnel	Inshore Diving	Diving support for the installation of a new railway tunnel. Activities included removal of concrete barrier with Ultra-HP Waterjetting of 2500 Bar, underwater concreting, other supporting activities. The railway will connect Freising and Erding via Munich Airport.	Ballast Nedam 
2019-2020	Expansion of Södertälje Sluice	Sweden	Sluice	Inshore Diving	Dive Supporting activities including, underwater inspection, wet welding, removal of subsea parts of previous sluice, underwater concreting and other supporting activities for the expansion of the Södertälje sluice.	Ballast Nedam 

DCN Diving Company Reference List

Following are some selected projects but the list is not limited to (visit www.dcn diving.com/projects-map for more info):

YEAR	PROJECT	LOCATION	STRUCTURE	DISCIPLINE	DESCRIPTION	CLIENT
2019	COES 5 Pipelines Replacement Berri Field	KSA	Pipeline	Offshore Air Diving	Diving support for Demolition of Pipelines, Spools, existing Risers and Riser Guards. Laying concrete mattress and Grout Bags for pipeline crossings. Installation of new Risers and Riser Guards, Spools and associated Flange Shrouds. Free Span Correction of New Pipelines and Precommissioning.	COOEC / Dynamic Industries / Saudi Aramco 
2019	Cruiseterminal	Antwerp, Belgium	Quay	Inshore Diving	Design and fabrication of a purpose-built cofferdam in order to rehabilitate the quay wall of the cruise terminal in Antwerp. Click here for more info	Artes Roegiers 
2019	Meelfabriek	Leiden, Netherlands	Parking Garage	Inshore Diving	Underwater inspection and concreting for the provision of a development project for a new complex	Van Hattum en Blankevoort 
2019	BJIP Project	Indonesia	Platform / PLEM	WROV, Offshore Sat Diving	WROV (XLX 139 Evo) and Sat Diving (18-man twin bell) Operations with the MPV Everest in the BIGP Oil field. Installation of subsea structures, installation of spools and Flexlay operations Click here for more info	Timas Suplindo 

DCN Diving Company Reference List

Following are some selected projects but the list is not limited to (visit www.dcndiving.com/projects-map for more info):

YEAR	PROJECT	LOCATION	STRUCTURE	DISCIPLINE	DESCRIPTION	CLIENT	
2019	Pipeline Inspection Indepth International	Tukey	Pipeline	ROV	Pipeline inspection with the Seaye Cougar Compact XT mobilized on the Derinsu supporting vesse and provision of inspection reporting	Indepth International	
2019	DSV Campaign 2019	Netherlands	Pipeline	Diving & ROV	Side Tap, Riser and Pipeline Decommissioning	Neptune Energy	
2019	DSV Campaign Unity 2019	North Sea	Platform / Pipeline	ROV, Offshore Air Diving	MPV Normand Mermaid IRM, ROV Survey, Metrology, Spool Fabrication and other Subsea Installation Work Installation on P11-B de Rutyer and P11-B-01 Van Nes	Dana Petroleum	
2019	Turkstream Pipeline Installation Dive Support	Russia/Turkey	Pipeline	ROV, Offshore Air Diving	ROV and Dive support on the Pipelay Vessel Loralay and utlization of the DSV Normand Poseidon. Works (among other) consisted of Above Water Tie-In support, removal of concrete mattresses, clamp and IBU installation and removal. The DSV Normand Poseidon worked ahead of the Lorelay and conducted installation (and removal) of Line Buoyancy Modules (5 and 10T uplift) and David Connections to pre-installed clamps For more info please click here	Allseas	
2019	Flexlay and UWILD Campaign	Malaysia	PFLNG SATU	Offshore SAT diving, Air Diving	Installation of flexible pipelines and UWILD (Underwater Inspection in Lieu of Dry Docking) on PFLNG SATU	Del Sol	
2018 - 2019	Sur de Texas Pipeline Poject	Mexico (Tuxpan and Tampico Area)	Pipeline and Conductors	Offshore Air Diving and Survey Support	Dive and Survey support from our Zwerver 3 Multicat consisting of IBU, MBU installation and removal, spool-piece installations, pre-commissioning support (pigging, hydrotesting), Laydown and Recovery, pre and post lay surveys, conductor sealing and grouting.	Allseas	
2019	Borkum West ICCP Anode Repair	Germany	Monopile	Offshore Air Diving	Wet Welding ICCP Anode Repair Project with the VOS Sugar. Prior to the offshore phase, wet welding trials were conducted in the Netherlands in order to qualify the Welding procedure and the Diver Welders	Seaway7	

DCN Diving Company Reference List

Following are some selected projects but the list is not limited to (visit www.dcndiving.com/projects-map for more info):

YEAR	PROJECT	LOCATION	STRUCTURE	DISCIPLINE	DESCRIPTION	CLIENT	
2018	HFG Helwin 2 Shim Repair	Germany	Offshore Platform	ROV, Survey, TUP Diving	ROV, Survey operations, dredging around piles and installation of wedges to prevent movement of (Helwin 2) platform on piles. Platform operated by TeneT	Heerema Fabrication/ TeneT	
2018	KKSB PLEM Replacement Hyperbaric Pup-Piece Tie-In	Netherlands Japan	Pipeline	Offshore SAT diving, Hyperbaric testing	Qualifications of WQT and WPQT, Hyperbaric Welding of Pup-piece to an Existing Pipeline in Tokyo Bay Japan	Fugro/NSENGI	
2018	Pipeline Replacement Qatar	Qatar	Pipeline	DSV, Offshore Sat + Air Diving	Provision of DSV and Dive Crew	McDermott	
2018	Sat diving services SBM Fujairah	United Arab Emirates	CALM Buoy PLEM	Offshore SAT diving	Subsea hose change out SBM	ADNOC	
2017	Boulogne Sur Mer	France	Canal's Lock	Inshore Diving	Rehabilitation of railway of canal's lock door and lintel beam refurbishment with the use of a habitat system.	Artes Depret	
2018	Dana F2A Hanze 2018 IRM	Netherlands North Sea	Offshore Platform	Offshore Air Diving	Subsea Inspection Repair and Maintenance on the Dana F2A Hanze Platform	Dana Petroleum	
2017	TIWAG Gepatsch Speicher Dredging and Saturation Project	Austria	Dam	Dredging and Saturation Diving	Dredging of sediment with airlift dredger at 100 m dept in order to conduct Sat Works. Rehabilitation of intake trash racks with the use of Sat Divers and underwater concrete pouring at 100 + m depth For more info please click here	TIWAG	
2017	DSV Supply Sawerak Waters	Malaysia	Offshore Platform	Offshore Sat + Air Diving	Metrology on spools and installation of spool pieces	Petronas	
2017	Valve Replacement	Portugal	CALM Buoy PLEM	Offshore Air Diving	Replacement of wo malfunctioning remote operated 24inch Subsea Valves	Galp	
2017	Lan-Tay Platform	Vietnam	Offshore Platform	Offshore SAT diving, ROV Works	EHFL Replacement, LIM Investigation, Platform Manifold Maintenance, Spool Metrology and ROV Survey of Riser	Fugro	
2017	Hot-tap Project in the Bay of Biscay	Bay of Biscay	Wrecks	Offshore SAT diving, ROV Works	Hot-tap on tanks of 2 sunken wrecks and pumping remaining oil in order to prevent environmental loss	Maersk	

DCN Diving Company Reference List

Following are some selected projects but the list is not limited to (visit www.dcndiving.com/projects-map for more info):

YEAR	PROJECT	LOCATION	STRUCTURE	DISCIPLINE	DESCRIPTION	CLIENT	
2017	Sat diving services monobuoy Cepsa	Spain	SBM	Offshore SAT diving	Replace 2 Jumpers AND 2 Risers (2X5 UNITS), NDT Works and Pressure Testing Vessel name: Swordfish	CEPSA	
2017	GeoSea OWP Race Bank UK Sensor Poles	UK Waters	Offshore Wind Farm	Offshore Air Diving	Installation of new sensors (inside and outside of a monopile)	GeoSea NV	
2017	Rosneft	Malaysia	PLEM	Offshore SAT diving, Air Diving	Manifold Replacement, spool metrology, spool installation	Rosneft	
2017	Samarang Project	Malaysia	Offshore Platform	Offshore SAT diving, ROV Works	Installation of riser clamps, riser guards and flexible pipelines. For more info please click here	TechnipFMC	
2017	Jangkrik FSU Installation	Indonesia	FSU	Offshore Air Diving	Diving Services for the provision of FPSO installation	Saipem	
2017	Emden Große Seeschleuse Bauwerksprüfung	Emden	Canal's Lock	Habitat, Air Diving	Installation of habitat at several positions in order to scan the entire canal's lock of the harbour of Emden	Bröggelhof	
2017	Diversion Water Alna River Oslo	Oslo	Tunnel	Civil Works, Air Diving	Diversion of water by installing pipelines into a tunnel and concrete in between weirs in order to prevent discharge into Follow Line tunnels	Condotte	
2016	IWS Jack Up Innovation	Flushing Port	Vessel	Shipping	Underwater Inspection on the Jack Up Innovation	GeoSea NV	
2016	Offshore Parengo IRM	UK Waters	Offshore Platform	ROV Works	General Visual Inspection, CP-Measurements Corrosion Protection Measurements by means of Proximity CP-equipment, FMD Inspections, Flooded Member Detection, Scour Surveys Inspection.	N-Sea	
2016	EPIC Project PLEM Valves and Subsea hose change-out	Red Sea	SBM/PLEM	Offshore SAT diving	De-installation of PLEM Valves and Subsea hoses. Manufacturing of new valves and re-install (including subsea hoses).	PDOC	
2016	Underwater Concrete Suez Canal	Suez Canal	Tunnel	Civil Works/ Inshore Diving	Dive Assistance for the provision of ventilations shafts for Ismalia tunnel under the Suez Canal. Work consisted of dredging, installation of shafts and underwater concreting.	JV Petrojet and Concord	

DCN Diving Company Reference List

Following are some selected projects but the list is not limited to (visit www.dcndiving.com/projects-map for more info):

YEAR	PROJECT	LOCATION	STRUCTURE	DISCIPLINE	DESCRIPTION	CLIENT
2016	EPIC Project Roseires Dam	East-Africa	Dam	Inshore	Fabrication and installation of 250 T bulkhead (consisting of 18 sections) in front of hydropower water intake at 50 meters depth and rehabilitate intake For more info please click here	SHGC 
2014-2016	FCBC - Forth Crossing	Scotland	Bridge	Civil Works/ Inshore Diving	Underwater concreting and subsea support for the construction of the foundations of the new cable-stayed bridge being built to replace the Forth Road Crossing. The bridge is 2.7km long.	FCBC 
2016	Airlift Dredging	Austria	Dam Reservoir	Inshore	Manufacturing of airlift dredger and dredge at depths of 80 meter.	TIWAG 
2016	Boerenwetering	Amsterdam	Canal	Inshore	Inshore diving work for the provision of constructing Boerenwetering garage under the canal. The activities included: UW inspection, injection, installation grout bags, underwater concreting.	Max Bögl 
2015 & 2016	Godewind 1 + 2	North Sea	Offshore Wind farm	ROV Works & Air Diving	Grouting Hose Removals on Godewind 1&2 OWF Cutting and Removal of grouting hoses on 97 structures. Cable Protection Systems Surveys. Surveys of Cable Protection Systems on Godewind 1&2 OWF monopiles, OSS & infield.	DONG 
2015	Port of Zeebrugge	Zeebrugge	Ship's Lock	Inshore	Inspection and airlift work at various Ship's Locks.	Port of Zeebrugge 
2015	Godewind 1 + 2	North Sea	Offshore Wind farm	ROV Works	Grouting Hose Removal Trials. Cutting and Removal of grouting hoses on structures.	GeoSea NV 

DCN Diving Company Reference List

Following are some selected projects but the list is not limited to (visit www.dcndiving.com/projects-map for more info):

YEAR	PROJECT	LOCATION	STRUCTURE	DISCIPLINE	DESCRIPTION	CLIENT	
2015	EPIC Project Jakarta, Gas Pipeline Repair	Java Sea	Gas Pipeline	Offshore SAT diving, hyperbaric testing, ROV Works	<p>EPIC Project with the following phases:</p> <p>Pre-Engineering: Gather survey data, including pipeline ovality check, removal of concrete entaking sediment samples.</p> <p>Engineering: Developing procedures (including for welding related)</p> <p>Hyperbaric Trials: Diver and welding procedure qualification in the DCN Hyperbaric Center</p> <p>Offshore: Permanent repair of a subsea 'live' gas pipeline by welding a stand-off sleeve with the use of a habitat.</p> <p>Click here for more info</p>	PGN	
2015	Belle Greve Outfalls Project	English Channel	Pipelines	Offshore Nitrox Diving	Diving services, during offshore pipelay and installation pipeline diffusers.	Van Oord offshore	
2014 & 2015	VO Gabon	Gabon	Pipelines	ROV Works	Gamba export sea-line replacement project Pipeline Surveys & FPSO Mooring system installation. Diver assists. Buoyancy Cutting Assists.	Van Oord offshore	
2014	OWP Baltic II and OWP Amrunbank	North Sea	Offshore Wind Farm	Offshore Air Diving	Contingency contract for quick diving intervention.	Siem Offshore	
2014	Cofferdam Installation and Weld Repair	China Sea	Offshore Platform	Air Diving, Cofferdam	Installation of a specifically engineered cofferdam, which installed on a damaged leg of an offshore platform. After installation, repair welds are performed with surface welders.	COOEC & CNOOC	
2014	OWP Riffgrund	North Sea	Offshore Wind Farm	Offshore Air Diving & ROV	Connecting earthing cables, removal of hydraulic hoses and installation of sonar provision.	GeoSea NV	
2014	OWP Butendiek	North Sea	Offshore Wind Farm	Offshore Air Diving & ROV	Design, supply and installation of 160 messenger wires and installation of 3 sonar provisions.	Ballast Nedam Special Projects	
2014	Drinking water pipeline Texel - Den Helder	Marsdiep	Pipelines	Offshore Air Diving	Repair of the drinking water pipeline between Den Helder and the island Texel.	JV A.Hak and De Vries en vd Wiel	
2013 & 2014	Basra	Basra	Salvage	Offshore Air Diving	Salvage of several wrecks on board the Norma. Using Air Diving techniques.	Svitser	

DCN Diving Company Reference List

Following are some selected projects but the list is not limited to (visit www.dcn diving.com/projects-map for more info):

YEAR	PROJECT	LOCATION	STRUCTURE	DISCIPLINE	DESCRIPTION	CLIENT	
2014-2016	Moervaartkaai	Gent	Quay wall	Inshore Diving	Installation of a new harbour quay. Activities include: Installing Cofferdam, Welding, Injection, Drilling.	Hye	
2013	Sharjah	Sharjah	Pipelines	Offshore SAT diving	Provision of diving and technical crew for the installation of subsea spool piece on board the DSV Seafalcon.	OMC Ship management LLC	
2013	S-Oil	South - Korea	Pipelines	Offshore Air Diving	Installation of new SPM, PLEM and pipeline.	Van Oord	
2013	Okpoho-Okono 16" Offshore pipeline	Nigeria	Pipelines	Offshore SAT diving	Installation of new SPM, PLEM and pipeline.	STG -West African Ventures	
2013	Duddon Sands	West of Duddon Sands	Offshore Wind Farm	ROV Works	Cutting 2 and 3" Subsea grout cables and hydraulic line with ROV.	Scaldis	
2013	Shalung offshore crude oil pipeline	Shalung	Pipelines	Offshore Air Diving	Cut old pipeline in section and services Installation of new SPM, PLEM and pipeline.	Van Oord	
2013	GDF Suez coolwater intake lines	Wilhelmshaven	Coolingwater intakes	Offshore Air Diving & ROV	Cleaning of coolwater intake line with movable habitats. Horizontal penetration up to 600m at 24m waterdepth and 2m underneath seabed. Pipeline inspection 250 meters inside pipeline visual inspection of connections, multi-beam surveys of cooling water intake.	Arge C122	
2012	Kareham Offshore Windmill Park	Kareham	Offshore Wind Farm	Offshore Air Diving	Replacement of Ballast in monopile foundation and operating valves.	Jan de Nul	
2012	Global Tec One	North Sea	Offshore Wind Farm	ROV Works	ROV assistance on board the Innovation for Tripod installation.	Hochtief	
2012	Jade Weser Ports	Wilhelmshaven	Quay wall Jadeweser port	Near shore Air Diving	Repair (Hyperbaric welding) of 1800m of (steel) Quay wall.	Arge Jade Weser Ports	
2012	Thorntonbank	Oostende	Offshore Wind Farm Thorntonbank North Sea	Offshore Air Diving	Placing of Asphalt mats for scour protection.	DEC NV	

DCN Diving Company Reference List

Following are some selected projects but the list is not limited to (visit www.dcn diving.com/projects-map for more info):

YEAR	PROJECT	LOCATION	STRUCTURE	DISCIPLINE	DESCRIPTION	CLIENT	
2011 & 2012	Peares Dam	Peares	Dams	Inshore SAT Diving	Design, production and installation of 2 stop locks at 90m water depth.	Gas Natural Fenosa	
2011	Stroommeetpaal	North Sea	Platform	Offshore Air Diving	Cleaning and new cable installation.	Rijkswaterstaat	
2011	Platform Tyra East Field	Tyra East Field	Platform	Offshore Air Diving	Installation of and subsea injection of Bullflex hoses on 12 Platform legs.	Maersk	
2011	OWP Borkum West II	Borkum West	Offshore Wind Farm	Offshore Air Diving	Diving assistance during installation of subsea monopiles.	GeoSea NV	
2011	Dzhubga-Lazarevskoe-Sochi Pipeline	Black-Sea	Pipelines	Offshore sat. Hyperbaric Welding	Hyperbaric welding of several 6.0" gas pipelines at a maximum water depth of 55m.	Navymar shipping company Ltd.	
2010 & 2011	Turkmenistan Block-1 Gas Development Project	Caspian Sea	Pipelines	Offshore sat Hyperbaric Welding	Hyperbaric welding of shear plates assembly.	Momentum Engineering	
2010	Bellwind	Zeebrugge	Offshore Wind Farm	Offshore Air Diving	J-Tubes installation, Power Distribution station.	Van Oord
